

COLLEGE OF IT & MANAGEMENT EDUCATION

Second Semester, MCA, 2021-23

Subject: MCA02005 Internet and Web Programming Assignment

Answer any two the questions

[5X2]

1. Write a java script program to produce the list of courses offered at CIME, Bhubaneswar.

Courses offered at CIME, Bhubaneswar

- MBA
- MCA
- M.Tech(CSE)

2. Write a java script program to receive an integer value $N(>0)$ from the user and display the table of cubes for numbers 0 to $N-1$ where the first column is the number itself and the second column is the cube of the number. Remember that the table is dynamically generated and also size of the table depends on the user input.

Displaying Table of Cubes

| Number | Cube |
|--------|------|
| 0 | 0 |
| 1 | 1 |
| 2 | 8 |
| 3 | 27 |
| 4 | 64 |

3. a. Write the codes to create alert, confirm and pop up Dialog Boxes in javascript.
- b. Write the codes to declare a javascript variable using
- var
 - let
 - const
 - nothing

4. Differentiate between Scripting and Programming Languages.

N.B:

- ✓ *Answer any two the questions. Each question carries equal marks.*
- ✓ *Write the answer neatly in A4 size paper, make a booklet and submit it.*
- ✓ *The first page of the answer booklet must contain your Name, Regd.No and Section.*
- ✓ *Use proper Margin in all the pages of your answer booklet.*
